

The FESCO logo is rendered in a large, white, stylized font with a blue outline. The letters are bold and modern, with the 'O' at the end featuring a stylized wave or three horizontal lines. The logo is set against a dark blue background that shows a blurred image of a large cargo ship with the FESCO name and logo on its side.

# FESCO

With more than 125 years of experience, **Russia Pacific Line** is your shipping and logistics specialist in the Russia–U.S. trade lane. As part of the Far Eastern Shipping Company (otherwise known as FESCO), we offer fixed-day, weekly service between North America and all ports in the Russian Far East, including remote Arctic locations. It is our number one goal to provide you with the fastest transit times and most knowledgeable customer service team in the trade, backed by high quality operations and the best and most modern equipment available today.

## Why Russia Pacific Line...

Because we provide highly flexible options for shipping all of your containerized, bulk and refrigerated cargo between the U.S. East, Gulf and Pacific Coasts to the Russian Far East. Our knowledge of the Russian trade is unsurpassed and our Russian flag vessels depart from Everett, Washington for port calls in Vladivostok, Vostochny, Korsakov, Magadan, and Petropavlovsk-Kamchatsky on a fixed-day, weekly schedule.

Our team of highly skilled industry professionals, fluent in both Russian and English, can help you route your cargo – from start to finish – to virtually any location in North America and inland destinations throughout Russia and the CIS.

## Our Services and Solutions...

At Russia Pacific Line, we offer many advantages for your shipping needs, including:

- ◆ The most modern fleet of containers in the trade, including 20-foot and 40-foot dry, 20-foot and 40-foot refrigerated, and 20-foot and 40-foot flat racks and open tops, as well as out-of-gauge roll-on/roll-off and break bulk cargoes.
- ◆ Specialized and one-of-a-kind services from Russian Far East ports to inland destinations throughout the region, including remote Arctic locations.
- ◆ Unique and highly flexible options for shipping your over-dimensional, roll-on/roll-off and project cargoes, including cranes with heavy-lift capacity.
- ◆ Equipment and on-the-spot management to coordinate rail and truck connections to your final destination throughout North America and Russia.

## Your Special Needs are Handled...

In fact, there is nothing we can't handle! Just let us know where your cargo needs to go and the Russia Pacific Line team will coordinate all of the logistics for a speedy and safe delivery. Some of our specialized services include:

### **Over-dimensional & heavy cargo**

We can carry all of your roll-on/roll-off and load-on/load-off cargo between North America, Asia, Europe, and all ports in the Russian Far East. Our weekly service is equipped to handle cargoes up to 75 metric tons and we specialize in construction equipment and rolling stock.

### **Refrigerated commodities**

We have the largest fleet of 40-foot refrigerated equipment in the trade for both perishable and frozen cargoes. This includes new RF units that were specially designed to operate in diverse climates, and come equipped with a two-tiered alarm system, which ensures there is no interruption in the temperature during transit. The modern design of the unit also provides maximum cooling capacity across all temperature ranges, adjustable fresh air exchange and electric defrosting and heating. And Russia Pacific Line's equipment is fully supported by our Container Freight Station, as well as railcar and truck unloading at all port facilities.

### **Project cargo**

Russia Pacific Line offers many specialized options when it comes to managing the movement of your project cargo, including:

- ◆ Turnkey projects in the Russian Far East and Chukotka.
- ◆ Special equipment needs for the oil and gas, mining, and forestry industries.
- ◆ Out-of-gauge cargo, including modular housing and rolling stock, among others.
- ◆ Packing, crating, and warehousing in both the United States and Russia.
- ◆ Custom's clearance in Russia to ensure your cargo arrives at your customer's doorstep as quickly as possible.

### **Vessel chartering**

We offer both long-term and short-term voyage and time charter vessels of all types. Please visit [www.fesco.ru/eng/fleet/vessels/index.html](http://www.fesco.ru/eng/fleet/vessels/index.html) for more information.

### **Sakhalin oil & gas development**

For more than a decade, the FESCO team has been involved with shipping for the Sakhalin oil and gas projects. Our dedicated service operates from the United States to Sakhalin Island and our weekly feeder services go to Kholmsk, Korsakov from Busan and Vladivostok, Russia. We have many on-island transportation options.

Our Russian flag vessels enable 100% Russian content for Producing Sharing Agreement (PSA) requirements, which reduce the Value Added Tax on each shipment you make with FESCO. We also provide regional marine logistics with 100% Russian content for PSA requirements.
